Small winding performance:

1. Each machine is equipped with one set of coil core (customer self-set size)
2. The strip automatically rolls and cut off, and the internal and external rolls are automatically welded;
3. Roll speed: 2500-300 rpm (line first adjustable)
4. Automatic alarm of conventional electrical fault problem (touch screen display)
5. frequency conversion motor belt structure, belt plate diameter of 300mm
6. KXZ-F115 Product specification: inner diameter 20-80mm; external product: maximum 110mm; strip width: 10-50mm
7. core electrical accessories: Japan Panasonic PLC, Taiwan MinkXei power supply, Yadke solenoid valve
8. Motor controls the shaft mode, sets the strip width and touch screen,
9. formula specifications documents are saved
10. Equipped with the automatic shutdown function of broken band detection 11. Lighting fixtures.

PRACTICAL APPLICATION :

TRAINING CUSTOMER TO OPERATE WINDING MACHINE :

1. All service engineers with 10 years experience are given special technology training, who can deal with various breakdown problems.
2. Guide the user to use accurately and how to maintain the Medium Core Winding Machine. Provide free consultation about production process technology of electronic products.
3. In order to guarantee the machine used normally, we'd have training on how to operate, use and maintain our product by English manual, video, guiding online.

PACKAGING:

Packaging Material: Carton/Wooden case with foam inside.

1.General package(Paper carton or plastic bag): For small equipped parts for Medium Core Winding

Machine, Package it with form and pack paper to guarantee unbroken during the transport.

2.Wooden case package: For Medium Core Winding Machine,we have special skilled carpenter, who would make the proper wooden case with exact thickness,density,length. The up arrow ↑marked on the outer wooden case. Buffer material would be put in the wooden case to prevent crack and shock.

FACTORY:

Founded in 1993, KIOXIA LIGHT RING EQUIPMENT GROUP CO.,LTD. has been a well-known manufacturing excellent performance winding machines together with associated production and technology. KIOXIA LIGHT RING provide highly cost effective manufacturing solutions for the production of the wound components of all types such as transformers, chokes etc.
